IAC-D-57/106  
10 September 1958

Post-Mortem on NIE 51-58:

The Economic and Political Consequences

of India's Financial Problems,

dated 2 September 1958

I. Findings

The principal intelligence deficiency encountered in preparation of this estimate was the lack of independent information on which to judge the Indian Government's estimate of its foreign exchange problem. This deficiency is subject to only limited clarification without an extensive cost study of India's entire economic program.

II. Action

The members of the IAC are requested to take such action as they deem appropriate to deal with these problems.
